NB-specific stats 2024

## Summary of projected number of cancer cases and deaths in New Brunswick (NB) in 2024\*

| Cancer                           | Males   |        | Females |                 | Both sexes |        |
|----------------------------------|---|--------|---------|-----------------|------------|--------|
|                                  | Cases   | Deaths | Cases   | Deaths          | Cases      | Deaths |
| All cancers                      | 3,000   | 1,250  | 2,700   | 1,050           | 5,700      | 2,300  |
| Bladder                          | 220   | 55     | 70      | 15              | 290        | 70     |
| Brain/CNS                        | 40  | 35     | 30      | 25              | 70         | 60     |
| Breast                           | 5   | 5      | 620     | 120             | 625        | 125    |
| Cervix                           | N/A   | N/A    | 35      | 10              | 35         | 10     |
| Colorectal                       | 350   | 140    | 290     | 120             | 640        | 260    |
| Esophagus                        | 50  | 55     | 15      | 15              | 65         | 70     |
| Head and neck                    | 130   | 35     | 40      | 15              | 170        | 50     |
| Hodgkin lymphoma                 | 15  |        | 10      |                 | 25         | 10     |
| Kidney and renal pelvis          | 160   | 45     | 85      | 25              | 245        | 70     |
| Leukemia                         | 120   | 50     | 90      | 35              | 210        | 85     |
| Liver and intrahepatic bile duct | 60  | 45     | 35      | 40              | 95         | 85     |
| Lung and bronchus                | 450   | 320    | 420     | 280             | 870        | 600    |
| Melanoma                         | 130   | 15     | 110     | 10              | 240        | 25     |
| Multiple myeloma                 | 45  | 30     | 35      | 20              | 80         | 50     |
| Non-Hodgkin lymphoma             | 140   | 45     | 120     | 35              | 260        | 80     |
| Ovary                            | N/A   | N/A    | 65      | 45              | 65         | 45     |
| Pancreas                         | 95  | 90     | 80      | 70              | 175        | 160    |
| Prostate                         | 650   | 120    | N/A     | N/A             | 650        | 120    |
| Soft tissue (including heart)    | 20  | 5      | 15      | 10              | 35         | 15     |
| Stomach                          | 60  | 30     | 35      | 20              | 95         | 50     |
| Testis                           | 25  | _      | N/A     | N/A             | 25         |        |
| Thyroid                          | 40  | 5      | 80      | 5               | 120        | 10     |
| Uterus (body, NOS)               | N/A   | N/A    | 200     | 35              | 200        | 35     |
| Source**                         | Supplementary Tables 3 (cases) and 5 (deaths) |        |         | Males + Females |            |        |

CNS=central nervous system; NOS=not otherwise specified; NA=not applicable

<sup>\*</sup>Estimates of cases and deaths are from Projected estimates of cancer in Canada in 2024, available through <u>cancer.ca/statistics</u>. Please email any questions to <u>stats@cancer.ca</u>.

| Cases  | Projected number of cancer diagnoses in 2024 (based on data to 2019) |
|--------|--|
| Deaths | Projected number of cancer deaths in 2024 (based on data to 2020)    |

New: Canadian Cancer Statistics Dashboard presents the above cancer statistics in a new user-friendly format with interactive visualizations.
