Society

Corporate Volunteering

Our volunteers make an incredible difference for nearly 1 in 2 Canadians who are diagnosed with cancer in their lifetime.

Leadership opportunities
for fundraising events

Individual volunteer
opportunities

Independent fundraising

Your gift of time can make a difference.

The Canadian Cancer Society believes in building partnerships with companies who are champions of the cause - companies that integrate their relationship with Canadian Cancer Society throughout their business, in their marketing channels and with their employees. No other cancer charity does what we do.

When you partner with the Canadian Cancer Society, you help us fund and raise funds for life-changing support programs, ground-breaking research and advocacy efforts that help all Canadians live healthier lives.

LEAD AND SUPPORT EVENTS

Leadership opportunities for fundraising events

Volunteers for leadership positions drive fundraising efforts by increasing participant involvement. Volunteer leaders have the opportunity to build confidence while learning in new environments that will strengthen their leadership skills.

SUPPORT OUR WORK BEHIND THE SCENES—AT YOUR OWN TIME

Individual volunteer opportunities

We are always looking for skilled volunteers who would love to work with our employees to support in all aspects of the organization including human resources, volunteer engagement, finance and other administrative functions. Volunteers can work with various CCS departments at their own time.

Volunteer opportunities are also ongoing for our support programs and advocacy team. Our *Wheels of Hope* Transportation Program provides people living with cancer rides to and from their cancer treatment appointments. *Voices For Change* volunteers works to change public policy by making our collective voices heard.

RAISE FUNDS. CHANGE LIVES.

Independent fundraisers

Employees can participate in Canadian Cancer Society events or event committees, or hosting your own workplace events/fundraiser. Choose how your organization will fundraise and where you want your money to go.

VOLUNTEER DAYS FOR YOUR STAFF

Employee giving

Canadian Cancer Society offers many ways for companies to get employees involved such as: offering payroll deductions, providing corporate matching gift opportunities, and supporting paid volunteer days.

Discover ways that your employees can make a difference in the lives of Canadians affected by cancer.
